

Dear Parents and Carers,

We're pleased to introduce The Merchant's Feast as a new canteen lunch provider at St Michael's School. As part of a trial, we'll be offering our lunch service starting on Thursday, 30 October.

Lunch orders will be available to place through the QKR app, which allows for a simple and convenient ordering process. Orders can be placed up to two weeks in advance and will close at 2:00 PM the day before the lunch day. All meals will be delivered to the school in individual labelled bags and distributed to classrooms at a pre-arranged time.

We take food allergies very seriously. All ingredients for each item will be clearly listed within the QKR app. While our menu is entirely nut-free, we do offer hummus, which contains chickpeas – although not a tree nut, some schools treat it as an allergen. We're happy to remove this option if needed. If your child has specific dietary requirements or allergies, please feel free to get in touch with us directly — we're always happy to chat with parents to ensure every child's needs are met safely.

Should you wish to know more about the nutritional content of our meals, we're happy to provide this information on request.

We value feedback and are always looking for ways to improve our service. If you have suggestions or would like to share your experience, the best way to reach us is by email at hello@themerchantsfeast.com.au.

We look forward to serving the St Michael's community and providing your children with fresh, nutritious, and delicious lunch options.

Warm regards,
Marie
The Merchant's Feast
